“You are my fated mate. Mine.”

Dumped by her boyfriend on her birthday, Marissa Kenley seethes with anger she'd not been the one to do it first. That's OK, because despite the shitty hand that life tends to deal her, she always finds a way back on top.

But fate's a contradictory bitch, and when Marissa discovers her name on a beautiful watch, she's teleported ass-first into a strange new world filled with terrifying creatures that try to eat her. Thank goodness for the sexy as hell alien warrior who saved her. Tall, bronze and powerful, her body is lit on fire the instant he touches her.

She really ought to find her way back to Earth. Yet as the time goes by, she wonders if she ever has to leave.

Aizak has no time or attention for a woman, least of all a human. As the leader of his tribe, his sole focus is protecting his people from the monsters that seek to hurt them. But the moment he holds the soft, curvy human woman in his arms, his plans are diminished in importance. The connection he shares with her is deep and intense. She is his fated and all he wants is her.

An Enjoyable Short Story

By L. Levine

It is a short story about a woman who is transported to another world. Marissa has just been dumped on her birthday but is actually okay with it. She is surprised when a watch brings her to a strange place with a lot of danger. Aizak is the warrior who finds her and he is eager for the human to go back where she came from at first. It doesn't take long for those feelings to change and both are not so quick to want her to find a way home.

It is a very quick read and it is a fun little story to entertain the reader. I enjoyed the characters and wish it had been a little longer so there could be more development of the characters and their relationship.

I received a copy in return for a honest review.

Well-matched strong heroine and hero, Sexy adventure on a far off planet. A quick read for one of those many time.

By Sue Me

Un petit bijoux (a little gem or jewel). This little story had all the needed elements. An interesting beginning to spark interest. A sudden inexplicable happening, our strong-minded heroine ending up on an unknown planet right into danger. In this instance our god-like hero with magical powers saves her. It does not take long for the two of them to realize that they belong together, but first there is the villain in the story to defeat and a jealous villager. ALL'S WELL THAT ENDS WELL HERE! HEA!! Looking forward to more adventures on this planet or other SCI-FI adventures by author, Juno Wells!

TRIP TO ANOTHER PLANET.....

By Irene Talbert

This is a short story with a very good plot about a young lady who is teleported to a strange new world. It all started on her birthday after she is dumped by her boyfriend. She finds a watch with her name on it and the next thing she knows is this strange new world with terrifying creatures who are trying to eat her. She is saved by a very sexy, tall, bronze, and powerful alien warrior. Aizak, who is leader of his tribe, doesn't want or need a mate. All his time is spent on trying to keep his people alive from the monsters trying to hurt them. Will Marissa and Aizak become mates? Will he be able to keep his tribe safe? Read this great book by Juno Wells, especially if you love alien books.(I received this book for an honest review).
