3.5 stars - Needed a bit more of the friendship in this friends to lovers story

By melindeeloo

I have a thing for friends to lovers but I didn't get to see enough of the friend part and while the bulk of the story was sexing there wasn't the satisfying first hook up that I wanted -the one where they are both so happy to finally have taken that next step with the one they've secretly loved - instead there's bondage and making each other beg.

And this is one of those frustrating ones where there is all this counterproductive mental chatter and you just want them to actually tell the other what they want and how they really feel.

you don't want to miss this

By Romantically Jaded

A friends to lovers story with so much heart. Ryan and Annie are best friends, determined to keep it that way. When Annie decides she needs to make herself over she shakes up their relationship too. Which might be just what they needed.

Another great story! I've loved this whole series. Heartfelt, funny, sizzling hot...
