Stop reading the reviews and READ THE BOOK!

By Trollhair

First of all I was gifted this book in advance for a review. They wanted a honest review...so here we go!

Wow! This book blew me out of the water. I started reading and reading and kept thinking this man is horrible. What a "insert a explicative ". A stalker, a manipulator, everything is all about Matthew. I wanted to reach into my kindle and female dog slap him. With that said I thought if a character in a read can bring out feelings like that, this is going to be a good read. I have to say, Matthew did not let me down.

Kayla on the other hand....so naïve. So full of dreams for a new future in her new job. So not ready for the dog eat dog of Washington DC. I kind of felt sorry for her. She didn't realize the man she just had sex with was going to "take her world by Storm".

A must read. I give it a 5.0 plus because it kept me tapping the kindle page after page. The story was fresh and new. Characters were loveable and hateable (is that a word?). I was thoroughly entertained. I have read all of Ms. Brooks books and this one is by far the best. Grab this book. Read it. Enjoy it as much as I.

Okay. The bad part. This is a series which means I have to WAIT to see what happens next. So, as I type this review I am hoping Sarah J. Brooks is doing the same with part 2.

Political science ????? NOT!!

By Margari

Not into the political aspect of the book. The sexual encounters are steamy but need more build up. There were also some errors where she referred Kayla was wearing a skirt and then referenced pants. I'm very detail oriented and noticed it right away. I need to read more of the story but honestly after reading this first part it a doesn't leave much anticipation for wanting to read the following book.

I read this given to me for free (ARC) from Sarah Brooks for an honest review . This story starts out with political and Aid I'm not into to politics at all but I am now!! Mathew Storm, knows what its like to be in the spot light of camera and bad press. So when he see Michaela in a bar he knows he needs to stay away. "Kayla" who normally don't party cause she has her head in books getting top grades has to much to drink!! Who don't celebrate with friends when you land you dream job!! The chemistry between these two is ready to explode. Lovin this new series so far and can't wait to read the next.
