Who keeps the world safe from evil? In the sequel to *CARPE DEMON*, Kate Connor secretly vanquishes demons and foils evil plots all while maintaining her mundane life as a soccer mom in San Diablo, California. As she juggles the P.T.A., a wannabe-politician husband, and her work-out schedule, Kate discovers a demon plot to take over San Diablo and sets out to stop it. Laura Hicks brings this humorous novel to life, fully portraying Kate and aptly depicting her 14-year-old daughter and 2-year-old son. The demons sound ferocious, but the portrayals of the men sound too similar. Editing glitches, however, distract from Hicks credible performance. Without a doubt, *CALIFORNIA DEMON* is comic relief in the world of paranormal fiction. M.B.K. © AudioFile 2007, Portland, Maine-- Copyright © AudioFile, Portland, Maine

Carpe Demon Redux Audio Book Review

By Sires

Very likely I made a mistake listening to this book immediately after the first one. Kenner reuses a number of the same plot devices from her first *Demon Hunter* novel to much the same effect in this one. I noticed that someone else has listed the repetitions so I don't feel obligated to do so.

I was once again impressed how she manages to get beat up including being throttled on a regular basis and no one, especially not her husband, notices any bruising. I would think the police would be keeping an eye on her-- or at least the press since her husband Stewart is running for office. Anyway, this is a time passer. I'm starting to hope that poor oblivious Stewart finally gets clued into what is going on in his town-- He is reminiscent of 50's and 60's sitcom husbands. His wife is hiding a big part of her life from him which includes shifting dead bodies out of his house and he appears to have no idea or is easily distracted.

As for the reader, Laura Hicks, she is quite good if a little flat sounding when doing first person narration. When it comes to conversation though she is very good voicing the children, demons and neighbors.
