Great Novel

By Zach

I came across this nice cover as I was browsing and started to read it. It sure is one of those books that you couldn't put down. I really enjoyed reading it. It's not as gory or as scary as I would thought it to be. This book seems to be inspired by Dante's works with referring to circles of Hell and a demon's love for the Child of Light. The ending was quite unexpected and a nice touch.

I thought it was a pretty good story, but what I really enjoyed was the character developments and how real they were. I'm glad that I got a chance to read it.

Definitely a must read

By Amazon Customer

Circles was a book I couldn't put down. I started reading and had to stay up till midnight to finish and find

out what happened. By about the 2nd chapter I was hooked. The end of chapter 7, with the coffee, made me laugh out loud. Circles is not nearly as dark as you might imagine it would be due to the subject matter. However, it is a bit scary and probably not totally appropriate for those under 8 or 9. Reading with your younger child is a good idea because there will be questions they have that need answering to avoid a nightmare or two. I don't mean that in a bad way, it really isn't scary in and of itself, more the ideas it can make us think that are scary. Our imaginations are much better at scaring us than any written word. I enjoyed the character development, the fact that it was set in Seattle, and it's different than any book I've read in a long time. I loved the very last page too. It left me wanting more story...in a great way. I wasn't left hanging, just wanting. Buy the book, it's totally worth it!

Awesome book, couldn't put it down!

By Amazon Customer

Until this book I had never been interested in Dante's Inferno, the story comes from such a unexpected direction and pulls you to the very depths of Hell.

She takes our current time and pulls you back and forth creating yet another interpretation of the struggle of good versus evil.

I can't wait for the next book from Jae Holt!
