I read this as part of The Seduction in the Sun Box Set, but I decided to review the books individually.

This was a short, erotic story. The tone was kind of confusing. Was Angelica scared or turned on? She seemed to be both and neither was that convincing. And she seemed to go from shy virgin to willing threesome participant in 2.5 seconds.

Likewise, the sheikh seemed to be angry and violent one moment, and unbelievably romantic and mushy the next.

I just couldn't connect with anyone in the story.

Opal is a very sensual writer. I am a fan of her writing. Her writing is in dept in the emotions and the step to step seduction of her characters. She writes like the the path to get there is the experience to share.
