Review of "Encyclopedia of Angels"

By Mr. Bookworm Tim

This sourcebook is an excellent reference for the study of angels. It has tidbits of knowledge that the reader will find most interesting,including, in many cases, the clothing that the angels wear!

Mr. Webster even expounds on the personality traits of some of the angels.

I was very pleased with the material covered in this book, and feel that any reader will come away informed and entertained by its contents.
