From finding the best product to offer

By SillyWilly

This book gives all around point by point guidelines, assets and a guide so that any reader can take after what's laid out before them to manufacture a fruitful and productive name business.

On the off chance that you need to know the ins and outs of business in Amazon then this is the ideal book to look for.

From finding the best product to offer, private labeling it, marketing research factors etc. has been discussed here.

I found the research tools part to a great degree accommodating. Suggested for each one of those searching for business in Amazon!

A very interesting way to create a source of income.

By Anna Farris

FBA is a feature provided by amazon which allows one to become a seller for amazon, i.e. you send your product to the amazon warehouse and amazon deals with the rest. It is a neat way to earn some money if you

have the right product and go about it the right way. The book helps you do just that by explaining everything involved in the process, the various features provided by amazon and of course the final goal of quitting your boring job.

It is worth a shot and I highly recommend this book.

3 of 3 people found the following review helpful.

Very Informative

By Yvhone

A great information and guide, straight to the point and very helpful. A must read for anyone wanting to sell on Amazon, and utilize FBA, Fulfillment by Amazon. Very Informative and really good information on just beginning out as a novice. It is a great source if you have no idea about FBA, I highly recommend this book.
