I'm displeased mainly with the price and the execution of this textbook. First off it's not even a textbook but just a large pile of holed papers so you can't resell it, and secondly the price is ridiculous. So all in all you lose in the end. Of course if you HAVE to get it, well then you have no choice.

Cheap loose Leaf Pages (Rip Rip RIPPTY Rip....All my pages fell out)

By Amazon Customer

Pages are thin for loose leaf and the entire class was just taught by a teacher that did not have an exam that match the book she set for the class. If you have no choice in buying this get the hard cover book the loose leaf pages will fall apart or destroy the three ring binder because it is too heavy. Don't understand why Walmart sale cheap three ring binders but they do. Also never take this during a summer course in college wait until fall or spring!
