As always - great condition. Highly recommend

By Kat

Great condition. Amazon has honestly never failed me with books. They are always in great condition unless

otherwise noted. As a college student - I love notes in books, so I actually look for books that have been used versus buying new. It is as if I get to read the thought transformation of another student/reader! I love it. Anyways, this book had some notes in it, nothing too significant but I appreciated it. No bent corners and the pages were all in tact. The binding was secure as well.

There are always a couple things I check right away when I receive a book: binding, pagination, edition/copyright, and overall condition. I have never been disappointed with a book I've bought of Amazon.

I plan to buy every book I can off of Amazon for the rest of my undergraduate career and all throughout law school.
