Great read, troubling situation

By rakkasan3\_187

The book itself is outstanding. It's really good to read about these brave soldiers and what they had to go through. In my opinion, their company but, primarily battalion commanders (and their commanders) were responsible for the casualties sustained during these operations. They were ill-advised and the soldiers were not properly outfitted to perform their jobs. From insufficient quantities of cleaning and lubricating oils for weapons (that blows my mind) to malfunctioning weapon systems. Predictable patterns in operations which lead to ambushes, probably to create contacts to appease higher ups. Short of equipment and soldiers, in an impossible situation all because the "rest of the Army" was in Iraq. The most powerful nation on Earth, supposedly, was unable to provide more than one infantry battalion and one small helicopter brigade for an entire campaign. Unbelievable.
