## Review

"This book is an excellent translation . . . and will be interesting and even fascinating to scholars who are already familiar with Ricoeur's work." (Notre Dame Philosophical Review)

"These are pages written, not while gazing into an abyss, but while being swallowed up by it." (Scott McLemee Inside Higher Education)

"This last work by Ricoeur, published posthumously, does justice to the stature he gained in his lifetime as a leading 21st century philosopher." (Cornel duToit Global Spiral)

## About the Author

Paul Ricoeur (1913–2005) was the John Nuveen Professor in the Divinity School, the Department of Philosophy, and the Committee on Social Thought of the University of Chicago. David Pellauer is professor of philosophy at DePaul University and the translator of Ricoeur's *The Just*; *Reflections on the Just*; and *Memory, History, Forgetting*.

Due to the fact that you can only save the information in your computer hardware and also device. So, it allows you review it everywhere you have willingness to check out [Living Up To Death By Paul Ricoeur](#)

# LIVING UP TO DEATH BY PAUL RICOEUR PDF

When French philosopher Paul Ricoeur died in 2005, he bequeathed to the world a highly regarded, widely influential body of work which established him as one of the greatest thinkers of our time. He also left behind a number of unfinished projects that are gathered here and translated into English for the first time.

Living Up to Death consists of one major essay and nine fragments. Composed in 1996, the essay is the kernel of an unrealized book on the subject of mortality. Likely inspired by his wife's approaching death, it examines not one's own passing but one's experience of others dying. Ricoeur notes that when thinking about death the imagination is paramount, since we cannot truly experience our own passing. But those we leave behind do, and Ricoeur posits that the idea of life after death originated in the awareness of our own end posthumously resonating with our survivors.

The fragments in this volume were written over the course of the last few months of Ricoeur's life as his health failed, and they represent his very last work. They cover a range of topics, touching on biblical scholarship, the philosophy of language, and the idea of selfhood he first addressed in *Oneself as Another*. And while they contain numerous philosophical insights, these fragments are perhaps most significant for providing an invaluable look at Ricoeur's mind at work.

As poignant as it is perceptive, *Living Up to Death* is a moving testimony to Ricoeur's willingness to confront his own mortality with serious questions, a touching insouciance, and hope for the future.

Books by Paul Ricoeur.

By F. Sha

I discovered Ricoeur through other books that were quoting him and started reading his books. Perhaps, he's one of the best philosophers of twentieth century that his thoughts will apply to our society for ever.
