Aunt Abigail and Malcolm discover parenthood

By Z Hayes

These RTA series of books are based on the television series that ran for seven seasons during the 90s. The show is beloved by fans and is one of the best family-friendly shows ever screened on television. I have all the DVDs and watch them every year. These stories follow the television episodes quite faithfully.

When Abigail and Malcolm return from their honeymoon, Malcolm pesters Abigail to start a family. Abigail refuses, considering herself past the childbearing age. Then, a baby gets orphaned and Sara and Felicity decide to rescue it. They decide to place the baby with Abigail and Malcolm. Soon, the couple becomes attached to the baby, until the truth is revealed. Will Abigail and Malcolm decide to keep the baby? This story is perfect for young adult readers and also fans of the show who wish to collect these books as keepsakes of the show.
