Average

By Farzad

Qs are not too difficult, explanations are ok , not a bad book

Abit more in depth and detail would have been better

2 of 2 people found the following review helpful.

Essential to check the concepts

By Christine

the answers explain why each choice is either correct or incorrect. it takes time to do each chapter but definitely help to second look at concepts that I missed or thought wasn't significant.

1 of 1 people found the following review helpful.

Actually 3.5 rating. Some conflicts with other Board Review information, but i suppose it held to the Tintnelli text.

By Ron Greco

The question/ answer format is a good way of studying. The questions themselves did not seem like test questions per sae.
