Very useful and fascinating!

By Mary Andersen

What a wonderful research tool this book is! Who would have thought that, way back then, our American ancestors would have been required to have passports for travel within what is now the United States?! This book is very well done, and provides a wealth of information. Not only are there a lot of record transcriptions included, but there are also several copies of actual documents, and nice historical explanations as well. Highly recommended product!

Excellent condition!

By Tina Hall

This book was in excellent condition when it arrived. The library markings were minimal so did not bother me at all. I can't wait to comb through it. This book will be fun for any genealogist. I am so excited to have it!

Great reference

By Azalia S. Moore

This book closes the gap for many settlers who were traveling about during the period before and after the Revolutionary War. The contents for the trappers and traders is valuable.
