PATRICIA VA A CALIFORNIA (SPANISH EDITION) BY BLAINE RAY PDF

The second novel in an easy series of Spanish novels for 1st- or 2nd-year students. Patricia, a 15-year-old girl from Guatemala, goes to California as an exchange student. She lives with a caring American family but encounters prejudice at school, especially from a girl named Debbie. By chance Patricia finds Debbie in a dangerous situation. She acts quickly and decisively to rescue her. The two girls become fast friends, and eventually Debbie goes to Guatemala to visit Patricia and her family.

Four Stars

By Ritzo

I like reading these. They help improve my spanish grammar.

10 of 10 people found the following review helpful.

Great book for beginners

By Terry

Great book, I am a rote beginner and I learned so much from this series. The vocabulary is easy at first and progresses somewhat in difficulty. Key words and phrases are repeated for reinforcement. Present tense is used mostly throughout. If you are a beginner, then this book is for you. Highly recommended.

5 of 5 people found the following review helpful.

Easy Reading Spanish

By ubalu

In addition to the easiness this book provides in reading, the remarkable advantage is the repetition of key words and phrases. The words repeat over and over, which makes foreign-language learning and reading effective and fun. For children who are reading this book in their first language, it is beneficial, again because of the word repetitions.

Studies show that anyone new to a language needs to be exposed to new words approximately 35 times, for the brain to remember, understand, and make the word part of the vocabulary. This book gives the learner that opportunity. It provides a sense of accomplishment simply by encouraging the learner with easy reading and comprehension.

Adults who are learning a foreign language may want to consider reading children's books for the simple language. They can also try books on the subjects they know well or hobbies they enjoy. They will learn faster and have an enjoyable time due to their genuine interest.

There are other books in this series that are equally good.
