SOMETHING BLUE BY EMILY GIFFIN PDF

Something Blue By Emily Giffin. Bargaining with reviewing routine is no requirement. Checking out Something Blue By Emily Giffin is not kind of something offered that you could take or not. It is a thing that will alter your life to life a lot better. It is the thing that will provide you lots of things worldwide and also this cosmos, in the real life and also below after. As what will certainly be provided by this Something Blue By Emily Giffin, just how can you negotiate with the thing that has several advantages for you?

From Publishers Weekly

Giffin's sophomore effort—which tells the story that her bestselling *Something Borrowed* did from a different character's point of view—stars such an unsympathetic narrator that it's a little like reading a Cinderella story featuring one of the wicked stepsisters. Perhaps beautiful Darcy Rhone isn't really wicked, but she is one of the most shallow, materialistic, self-centered and naïve 29-year-olds around. Ostensibly a high-powered PR person in Manhattan (though she never seems to work), Darcy spends most of her time shopping, partying and getting ready for her wedding to perfect guy Dex. But an alcohol-fueled Hamptons fling with one of Dex's pals, Marcus, starts to break Darcy's perfect life down; and discovering Dex hiding in her best friend Rachel's closet really shatters it. Pregnant with Marcus's baby, Darcy decamps for London, where she crashes in high school pal Ethan's flat and annoys the heck out of him with her endless shopping and complete disregard for her impending motherhood. But after a good lecture from Ethan, whom Darcy has started to fall for a little, Darcy embarks on a self-improvement plan, thereby demonstrating she can think about someone besides herself. And if readers don't mind the first 200 pages in which she doesn't, they'll enjoy her happy ending and the few surprises along the way. Fans of *Something Borrowed*, too, may relish the "she said, she said" fun.

From Booklist

Starred Review Readers who enjoyed Giffin's stellar debut, *Something Borrowed* (2004), might be surprised to find that the villainess of that novel is the heroine of this one. Selfish but beautiful Darcy is reeling from the betrayal of her best friend, Rachel, and her fiancé, Dex, even though she cheated on Dex with his friend Marcus. Darcy is carrying Marcus' child, so she assumes he'll take care of her. After all, she's always gotten everything she's ever wanted. But when Marcus dumps her, she finds herself pregnant and alone. Always the opportunist, Darcy contacts her childhood friend Ethan, now a writer living in London, and gets him to agree to let her visit for awhile. She jets off to the UK envisioning a charmed life where a handsome, rich Englishman will sweep her off her feet. The reality isn't so blissful—Ethan is critical of her selfish behavior and she finds herself incredibly lonely and unprepared for motherhood. After a confrontation with Ethan, she decides it's time for radical change. Making an unsympathetic character likable isn't an easy thing to do, but that's just what Giffin succeeds at in her second outing. Giffin's writing is warm and engaging; readers will find themselves cheering for Darcy as she proves people can change in this captivating tale. Kristine Huntley

Review

“[A] modern-day Jane Austen.” ?Vanity Fair

“Giffin's writing is warm and engaging. Readers will find themselves cheering for Darcy as she proves people can change in this captivating tale.” ?Booklist (starred review)

“Highly entertaining...Despite a happy ending, Giffin raises thorny questions. A long friendship can (like marriage) turn claustrophobic or abusive. Is infidelity the solution? And why are pretty girls so easily taken in by scheming Plain Janes?” ?Boston Globe

“[Giffin's] plotting and prose are so engaging that she quickly becomes a fun, friendly presence in your reading life.” ?Chicago Sun-Times

“The author's impressive knack for intimacy and insight sparkles in this delightful novel.” ?Hamptons magazine

“SOMETHING BLUE goes beyond the traditional conventions in a witty and compelling way, and reaffirms a lesson we all should have learned long ago: Love doesn't need a fairy tale, fancy wrapping or a big price tag. Often, it's better without.” ?Charlotte Observer

“Darcy is Scarlett O'Hara set in modern [day]. Giffin orchestrates her gradual change ingeniously...[and] successfully answers any 'Gone With the Wind' fan who wondered if, after Rhett Butler decided he didn't give a damn, Scarlett ever morphed into someone softer.” ?Newark Star-Ledger

“Smartly written. The dialogue is real with lightly rendered lessons about what really matters in life...Emily Giffin knows what she's doing.” ?Winston-Salem Journal

“Emily Giffin's sophomore effort is a joy to read from start to finish, taking the egotistical villainess of her first novel and turning her into an unlikely heroine. Any woman who carries the scars of a broken friendship will appreciate this literary gem, which covers every emotional battleground possible--from rejection and betrayal to self-discovery and pregnancy.” ?CanWest

“A touching depiction of one woman's surprising discoveries about the true meaning of friendship and happily-ever after. Sometimes you can lose it all, only to find everything in the end.” ?The State (SC)

SOMETHING BLUE BY EMILY GIFFIN PDF

Following the smash-hit *Something Borrowed* comes story of betrayal, redemption, and forgiveness. Darcy Rhone has always been able to rely on a few things: Her beauty and charm. Her fiance, Dex. Her lifelong best friend, Rachel. She never needed anything else. Or so she thinks until Dex calls off their dream wedding and she uncovers the ultimate betrayal. Blaming everyone but herself, Darcy flees to London and attempts to re-create her glamorous life on a new continent. But to her dismay, she discovers that her tried-and-true tricks no longer apply--and that her luck has finally expired. It is only then that she can begin her journey toward redemption, forgiveness, and true love.

SO much better than the prequel!!!

By Christina Rickman

I couldn't stand Something Borrowed- I hated Rachel from the onset for her whiny, "woe-is-me my best friend is prettier than me" attitude and how she uses that as a justification for sleeping with her best friend's fiance. But I bought the books together and I have a lot of time so I read this one too...

And I really liked Darcy's story! Even though she starts off vain and shallow she is a MUCH more interesting and fun character to read about than spineless, whiny, boring, self-righteous Rachel.

The story is about Darcy's change and growth and even though about halfway through you know exactly what's going to happen, I still really enjoyed reading it, and wished there had been more. :)

Soo in summary- if you're one of those women who loooved Rachel (for reasons I absolutely do not understand) and couldn't stand Darcy in Something Borrowed, you probably won't like this book. But if you didn't buy Rachel's "ugly, shy friend" justifications for sleeping with Dex and were irritated by the first book, read this one!!! It's much better!

Sleeping with your friends man. Part 2

By Sara K.

This buy was a must buy after reading the first one! I didn't realize the first book had a sequel to it so once I had finished reading it and was left hanging, I thought "this isn't right" so I went online and found this! I could barely stand it waiting for this to arrive to find out what happened. This book was very unexpected for me. I remember thinking that several times while reading it. The first one was better but this one gives you closure on the whole thing. They are both necessary to read and enjoyable too. I look forward to finding more good reads from this author

Have you ever wanted to smack a fictional character?

By Sheila A. Dechantal

Darcy was born beautiful. Really... it's true. Just ask her. She will be the first to tell you that she is perfect. She loves that men find her attractive so it's no big surprise that she is stunned to find that her fiance friend Marcus takes work. Oh but never fear, Darcy continues to work her magic until she gets her way... only to be truly shocked and offended when she finds out fer fiance Dex, has also found his way to another... her best friend Rachel.

Oh the nerve of some people! While yes, Darcy to has cheated with Marcus (more than once but really who is counting) she is still appalled to think that Dex and Rachel had done the unthinkable to her. Yes... once again it is all about Darcy...

and as the title suggests....

she turns out to be pregnant with Marcus's child... a child he does not want... and in fact he's pretty tired of Darcy's uppity ways as well. Darcy quickly finds herself without a place to stay, so she packs her bags and goes to London to stay with her writer friend Ethan... only the life lessons continue as Ethan's flat isn't "all that" and he is not about to put up with selfish behavior.

Oh whats a girl to do.... and a pregnant one at that....

Occasionally I enjoy a bit of a fluff read. Just a fun, no thinking involved read. When I found this audio on Amazon I thought I would give this audio a try. A series of emotions came forth as I listened to this audio:

disbelief

annoyance

horrified

disgusted

cautiously optimistic

passive

accepting

Ugghhh.... it's almost like the stages of grief. :razz: I started out not liking Darcy at all. Really there was nothing to like. She is an extremely self-centered character who only cared about making sure all men had eyes only for her, always wanting what she could not have until she got it... and then drinking while pregnant just about pushed me over the edge. Fictional character or not, I was about to take Darcy out.

Then.... slowly.... she began to change, in an almost predictable way, she learns the errors of her ways and well... you will just have to read it to see exactly what that means.

This is the sequel to *Something Borrowed* which I have not read. (I heard it was a movie and I was going to try to see it before I listened to this audio but I did not... I still may watch it at some point.) However I don't think I missed anything by diving into this one, the characters were easy to figure out where they stood.

In recap.... I didn't hate it. It actually grew on me a bit. Not so much as I would pursue the series, but in the end I may have been able to have lunch with Darcy without stabbing her in the neck with my fork.
