Just one thing...

By Jasmine T

My only complaint is that it varies the swatches of fabric and fabric order in all the books that are sold. It can't be helped, but there is also misplacement amongst the swatch order. Because for me, I got extra fabric, and I had to look up the fabric descriptions to make sure I'm putting the swatches in the right places because the order they have for me occasionally is not in the right order.

My classmates' swatches aren't in the right order as well, cause I know it now when I see a clip spot fabric being placed where an extra-yarn weave should be. So by all means this was a great purchase, but please don't just follow the order of the fabric set in what you are given straight on, because it might be wrong.

In a way, this helped me learn more but right now I'm very miffed.
