Don't quit reading this book!

By Brian Mayer

The perfect book to go from "wantrepreneur" to entrepreneur. The Art of Resignation gave me all the tools and tips I needed to feel confident in my decision to quit. Highly recommended for anyone who wants to take this step in their career and isn't sure the best way to make the transition. Highly recommend!!

The Necessary Tools for Positively Redirecting Our Lives

By Dallas

The Art of Resignation covers and SOLVES the problems associated with the ideas that every employee has thought about time & time again.

"What would happen if I were to quit my job right now? What would my boss even think? Can I pull this off without seriously upsetting everyone at the office? They would HATE me."

We've all been there. Figuring out how to even begin the process of resignation truly is an art-form and science in itself. From the very moment in which we approach our closest office-buddy with the idea of leaving, all the way to having "the conversation" with the boss-man himself. It isn't an easy time by any means.

Steven Feiner visits these niche topics of resignation in-depth, in this thought-provoking book of his. Luckily for us, he delivers. Feiner provides us with the necessary tools to lead, grow, and completely redirect our work lives.

The Art of Resignation is the perfect guide to the resignation process

By Chloe Mesi

This is exactly what I needed. The Art of Resignation is the perfect guide to the resignation process. Resignation is so much more than a resignation letter and a conversation. If you are thinking about resigning you MUST read this book.
