UNMASKED: THE MAN BEHIND THE SILK ROAD BY ANDY GREENBERG, RYAN MAC, SARAH JEONG, SUSIE CAGLE, KASHMIR HILL PDF

A black market hidden in the dark reaches of the Internet, the Silk Road fed an insatiable demand worldwide for drugs, malware and worse. At the center of it all was a mysterious, charismatic figure calling himself the Dread Pirate Roberts, who championed his illegal bazaar as a bulwark against an overly intrusive government and a beacon for anyone committed to individual freedom and privacy.

Forbes published the first extended interview with the online drug lord, and since then we have covered the Dark Web market's wild success and sudden shuttering when the feds apprehended 29-year-old Ross Ulbricht in the science fiction section of a San Francisco public library. Forbes was present for Ulbricht's trial, which not only showcased the lurid crimes connected to the Silk Road but also offered a look at how crime, currency and commerce are evolving with the Internet. Look no further for an unparalleled tale of online secrecy, murders-for-hire, courtroom drama and corruption.

Collection of Excellent Magazine Articles

By Phil Geusz

This book is merely a collection of reprints of "Forbes" magazine's coverage of Silk Road. While that makes for poor structure and much repetition, as another reviewer correctly points out and which should definitely be made clearer in the book's seller's description, at least they're very good magazine articles. I doubt there's a more authoritative work on the subject out there yet.

Interesting subject but horrible structure

By Michael Hinkle

Good and entertaining content, but the structure of the book is annoying to say the least. It's not really a book but rather a collection of articles, resulting in lacking flow and a lot of repetition.

0 of 0 people found the following review helpful.

great read for a techy

By john lewis

Who knew Forbes got so down and dirty with investigative journalism? Great quick read and seemingly fair and balanced. ... Without foxes
