WINNERS DREAM: LESSONS FROM CORNER STORE TO CORNER OFFICE BY BILL MCDERMOTT PDF

In the pantheon of CEOs, few people have the visibility, charisma and hunger of Bill McDermott. His career is a classic story of ambition and drive: from the hard-knock streets of his youth in Long Island, to his first forays in business behind the counter of a deli he bought and then operated at the age of 17, to his extraordinary rise through the Xerox Corporation where he pleaded for his first job, to his emergence as the co-CEO of one of the most celebrated and admired global companies of our age. His stories - at turns hilarious and moving, but always inspiring - offer invaluable lessons in self-direction, management and leadership.

I was amazed and inspired by Bill's Story of growth

By Amazon Customer

As a student of leadership, operational leader for 30 years and co-founder of a leadership development company CI2. I was amazed and inspired by Bill's Story of growth, leadership and focus. I actually could not put the book down. If you are in sales, sales management or any leadership role you will gain some terrific insights on leading and caring about people; having a relentless focus on understanding and delivering value to the customer; dealing with personal challenges; and igniting the passions of people around you. Bill's ability to grow, achieve, collaborate and lead as he has assumed greater responsibility is an amazing story. There is no doubt that if he can translate these values, shared by the top leadership of SAP, they will continue to be a juggernaut of a company. I highly recommend this book so you can Dream Bigger and realize your full potential.
