Young Children with Special Needs

By Itsme

I purchased this textbook for my Master's course. I found this book to be very informative about diagnosing children with disabilities at a young age and was very informative of the laws. Amazon's textbook prices are much cheaper than the college book store. Amazon's textbook buy back policy is remarkable. This is a great way to save money. You go online and request to send this textbook back. Amazon will pay the shipping and sends you an Amazon gift card for the buy back amount. When all was said and done, I paid \$20 for this textbook. I highly recommend purchasing textbooks from Amazon.1 of 1 people found the following review helpful.
